This contract provides for Microsoft 365 E3/E5 and F-series enterprise software licenses, software assurance, and associated subscription services. Work will be performed at Round Rock, Texas, and various locations, and is expected to be completed by April 30, 2029. This contract was a sole source acquisition. Fiscal 2026 operations and maintenance funds in the amount of \$208,823,908 are being obligated at time of award. The Air Force Life Cycle Management Center, Maxwell Air Force Base Gunter Annex, Montgomery, Alabama, is the contracting activity (FA8772-26-F-0025).

Honeywell International Inc., Phoenix, Arizona, has been awarded a ceiling \$25,883,508 cost-plus-fixed-fee contract for the Component Improvement Program for secondary power systems and small gas turbine engines. This contract provides for engineering services and research/development to improve safety, reliability, and maintainability of those parts which are used to start main engines. Work will be performed at Phoenix, Arizona, and is expected to be completed by June 8, 2035. This contract was a sole source acquisition. Fiscal research, development, test, and evaluation funds in the amount of \$25,883,508 are being incrementally obligated over the next nine years. Supply Chain Management, Hill Air Force Base, Utah, is the contracting activity (FA8252-26-D-B002).

## NAVY

Lockheed Martin Rotary and Mission Systems, Manassas, Virginia, is awarded a \$223,943,975 cost-plus-incentive-fee modification to a previously awarded contract (N00024-20-C-6117) to exercise options for engineering design, development, and production support in support of sound navigation and ranging systems. This contract combines purchases for the Navy (97%); and the government of Canada (3%), through The Foreign Military Sales (FMS) program. Work will be performed in Manassas, Virginia (65%); Clearwater, Florida (32%); Syracuse, New York (2%); and Marion, Florida (1%), and is expected to be completed by September 2027. Fiscal 2026 other procurement (Navy) funds in the amount of \$19,814,440 (51%); fiscal 2026 shipbuilding and conversion (Navy) funds in the amount of \$18,300,000 (47%); and FMS (Canada) funds in the amount of \$1,000,000 (3%), will be obligated at time of award and will not expire at the end of the current fiscal year. Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Co., McKinney, Texas, is being awarded a \$57,900,000 for not-to-exceed repair delivery order (N00383-26-F-SV09) under a previously awarded basic ordering agreement (N00383-23-G-SV01) for the repair of 15 weapon repairable assemblies-for a total quantity of 480 repairs-in support of the F/A-18 Aircraft System. The contract will include a two-year base period of performance beginning June 2026 through June 2028 and does not include any option periods. All work will be performed in McKinney, Texas. Fiscal 2026 working capital funds (Navy) in the amount of \$17,370,000 (30%) will be obligated at time of award and funds will expire at the end of fiscal 2026. One company was solicited for this sole-source requirement pursuant to the authority set forth in 10 U.S. Code 3204 (a)(1) with one offer received. Naval Supply Systems Command Weapon Systems Support, Philadelphia, Pennsylvania, is the contracting activity.

MRV Systems LLC, San Diego, California (N00189-26D-L005); Teledyne Instruments Inc., North Falmouth, Massachusetts (N00189-26D-L006); and Sofar Ocean Technologies Inc., San Francisco, California (N00189-26D-L007), are being awarded \$51,136,250 for a multiple-award, indefinite-delivery/indefinite-quantity contract to provide air-rigged or air/surface-deployable profiling floats in support of global meteorological and oceanographic operations for the Naval Oceanographic Office. The three-year contract is fixed-price with a three-year ordering period with no option periods. Work under the contract will only be performed in response to awarded delivery orders. All work will be performed in contractor facilities. Due to the multiple award nature of the contract that requires delivery order requirements be competed among contract holders and that work be competed among the three contractors, a further breakdown of the work by geographic location at contractor facilities cannot be reasonably estimated at the time of contract award. Fiscal 2026 operations and maintenance (Navy) funds in each contract-s minimum guarantee amount of \$10,000 will be obligated at the time of award and will expire at the end of the current fiscal year. Subsequent delivery orders under the resultant contract will be funded with appropriate fiscal year operations and maintenance funds (Navy); or research, development, test and evaluation (Navy) funds, and the expiration of those

funds will depend on the funds used when the orders are issued. This contract was competitively procured through the System for Award Management website (Sam.gov) with four offers received and resulted from a full and open competitive solicitation that provided for the award of multiple contracts pursuant to Federal Acquisition Regulation (FAR) 16.504 and FAR Part 15 (Contracting by Negotiation). Naval Supply Systems Command Fleet Logistics Center Norfolk, Norfolk, Virginia, is the contracting activity.

Huntington Ingalls Inc., Newport News Shipbuilding, Newport News, Virginia, is awarded a \$44,117,851 cost-plus-incentive-fee modification to previously awarded contract (N00024-21-C-2106) for USS John C. Stennis (CVN 74) Refueling Complex Overhaul supplemental work and a special incentive for schedule performance. Work will be performed in Newport News, Virginia and is expected to be completed by October 2026. Fiscal 2026 shipbuilding and conversion (Navy) funds in the amount of \$15,000,000 will be obligated at time of award and will expire at the end of the current fiscal year.
